Guidelines

The what & why

One of the most unique things about Pioneer Trek is the clothing. It's an important part of Trek for many reasons. First, it gets the group out of an everyday mentality and prepares them for something different and special to happen. Second, it removes all of the superficial differences created by brands, trends and styles, and reminds us that we are all the same. And third, it brings to life the stories, experiences, and lives of the pioneers in a way that makes it clear that we really are Just Like Them.
